EXPERIENCE / EDUCATION

Verde Circle - Start-Up
October 2014 – June 2015

Full Stack Developer
Santa Monica, CA

- Contributed in all stages of projects and meetings for designing and developing the first MVP of Thriii by working with UI/UX designers. A small business, cloud-based SaaS platform for managing inventory, accounting, and logistics.
- Used Ruby on Rails, CSS3/Sass, JavaScript/jQuery and utilized Github, Balsamic and agile scrum methodology.
- Designed and developed the "We Heart Start-Ups" and "Thriii Freemium" campaigns. Both were implemented into the core product and business model and have the potential to drastically increase customer base and profits while creating long-term and loyal customer relationships.

General Assembly - WDI
July 2014 – September 2014

Full Stack Developer
Santa Monica, CA

- 12-weeks. All day, every day. Learned the skills to become an entry-level web developer using the latest tools, eg, Ruby On Rails, AngularJS, MongoDB, PostgreSQL, Ajax, jQuery, CSS3, HTML5, JavaScipt, Rspec, Github & Group Programming.

TeamTreehouse.com
February 2015 - Present

Community Forum Moderator - Volunteer

- Answer student's questions, problems and provide general guidance for learning to code and becoming a developer.

PROJECTS

Thriii
thriii.jared-cowan.com

- Worked on frontend/backend for a small range of projects.
- Technology used was Ruby on Rails & some ASP .NET.

Verde Community
verde-forum.jared-cowan.com

- Verde Circle Community Center. A forum & social network for customers to make business connections, discover products, get tech support & find tips/tricks.

GA Cohort Network
ga-cohorts.herokuapp.com

- A social network & productivity app for connecting GA cohorts to instructors. Instructors can add, manage & collaborate their lessons, answer questions & post jobs.
